Section F: Overall Comments

Please offer the applicant any comments, suggestions or feedback in the areas below. (Note: This information will be utilized to provide applicants with general feedback on their overall proposal.)

1. Positive aspects of the proposal:

Signage is a major problem at the school - people cannot find the school address or see where the entrance is. Signage over the auditorium will also improve this. It will also convert the current kiosk to LED electronic which will allow the staff to change notices from the office (also, the school has lost many of the letters)

2. Areas for improvement:

Recommend that Palms NC be recognized somewhere at the school - possibly on the kiosk or at the unveiling of the new signs.

3. General impressions and/or feedback:

The principal does not have the time to do this project and is happy to have Motor Avenue lead the project. Motor Avenue Association has already done the legwork and can complete the project in 30 days (approximately).
